

THE FLORENCE

happiness is
the story...

The Florence is named after the Florence Falls located in the Litchfield National Park in the Northern Territory of Australia. This spectacular 50 foot, double waterfall sits within the forest and cascades into a blue lagoon. Families enjoy time together at this popular swimming hole that comes with a gorgeous waterfall backdrop.

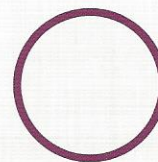

Also very popular for families and swimming is The Florence Above-Ground Pool from Blue Cascade. This pool offers a durable, injection-molded gray resin, extra-wide 8-inch top seat. An elegant gray resin inlay and cutting-edge design compliments any backyard landscape. With the 54" wall height for more water depth, you will feel like you are swimming in a blue lagoon! Every Florence pool is produced in North America and features a Vinyl Works exclusive liner design, also manufactured in North America.
